Valley Forge Fabrics, Inc. is a 40 year old privately held, family owned and operated company located in Florida specializing in quality FR upholstery, drapery fabrics, and finished bedding for the Hospitality & Lodging industries. Our FRESH (Fabrics Redefining Environmental Standards for Hospitality®) initiative was born in 2007 which re-invented our company into a brand that now symbolizes integrity, reliability & sustainability leadership. In 2008, we introduced the LIVING FRESH Bedding Collection made with Tencel+Plus™ Lyocell Eucalyptus fiber. In 2011, Valley Forge continued its commitment to sustainability by introducing another innovation – Tencel+Plus™ Lyocell Eucalyptus Upholstery fabrics.
