**NEWH REGIONAL TRADESHOW**

NEWH Regional TradeShows travel to six different chapter regions each year. These intimate event formats allow local architectural, design, and procurement companies the opportunity to see new products and services while meeting with their local representatives and networking with hospitality professionals.

Through networking, educational, and fundraising events, NEWH provides scholarship funds to deserving students pursuing a career in hospitality. Investing in the future of the industry, over six million dollars have been awarded to over 2,400 students to date. NEWH established the ICON of Industry Award and GreenVoice Design Competition as additional sources for scholarship fundraising. The ICON of Industry recognizes an individual within the manufacturing market that has influenced the industry through innovation, philanthropy, and leadership, while the Sustainable Design Competition seeks students with exceptional creative talent in sustainable solutions for the hospitality industry.

The NEWH Pinnacle Award is an international award recognizing outstanding leadership and service to NEWH, and the Joyce L. Johnson Award of Excellence is the chapter level equivalent. The TopID award is a prestigious honor determined by NEWH chapter and regional boards to recognize and promote the best interior design firms in an industry.
