## FAUCET DESIGN CRITERIA:

- Lavatory faucet design
- Include short summary/story of your intention and vision of the interior environment. Provide design context, such as traditional, transitional, or contemporary
- Include a name for the faucet
- Submit all Designs in 2-D drawings
- Faucet can be either 8 inch widespread or single-hole (most popular lavatory faucet configurations for hospitality)
- Faucet can be deck mounted or wall mounted
- Faucet should be designed and presented in Polished Chrome finish
- Water needs to flow through an aerator of some type, in order to restrict the flow and comply with local and national building codes for water savings and LEED projects
- Keep in mind, the faucet design is the primary design that all other components in a bathroom / guestroom suite, such as Shower Trim, Shower Head, Tub Spout, Tub System (Wall Mounted or Deck Mounted) and accessories will be based upon.
- The design of the other Kitchen Faucets and Sensor Faucets are not part of this competition

## JUDGING CRITERIA:

- The most saleable design (something that would catch the eye of a hotel owner/developer or architect/designer)
- “Alignment with Design Context” (how well does the faucet fit into the context it was designed for)
- Uniqueness of Aesthetic

## DESIGN GO-FORWARD:

- Symmons will own the design; and if we choose to use it we will give credit to the designer in literature and will use the ‘name’ of the faucet as chosen by the winner.
